

Title: Calibration Lab Technician

Job Summary: Works in a production calibration laboratory performing high accuracy light measurements.

Location: Orlando, FL

Minimum Education Level: Associates Degree in a technical field or a minimum experience of two years working in a calibration lab.

Employment Type: Full Time/Permanent

Job Description: Reporting directly to the Calibration Lab Manager, qualified candidates must be detail oriented, able to work with minimal supervision, and possess above average math and computer skills. Duties will include precision optical alignments, calibration of lamp standards and light-sensing detectors, and general lab assistance. Experience using spectrometers, spectroradiometers, power supplies and other light measurement equipment is a plus.

Benefits: Hourly rate will be based upon background and experience. Optronic Laboratories, Inc. offers a comprehensive benefit package including medical, dental, life, tuition reimbursement and a 401(k) plan.
